

 **2nd Indian Cancer Congress 2017**
8th - 12th November, 2017
Clarks Exotica Resort and Spa, Bengaluru
Insight • Innovation • Integration

ANNOUNCEMENT

The Indian Cancer congress (ICC) is an initiative started in 2012 with a vision of providing a common platform for all oncologists in our country as well as South Asia and Asia Pacific region to discuss, deliberate and formulate cancer therapies across these regions.

The four major oncology associations (Association of Radiation Oncologists of India, Association of Surgical Oncologists, Indian Society of Medical and Pediatric Oncology and the Indian Society of Oncology) of the country have come together to organize an Indian Cancer congress (ICC) once every four years.

A veritable tsunami of academics is envisaged in ICC 2017, including orations, guest lectures, multidisciplinary symposia, keynote addresses, podium presentations and poster presentations, Innovation sessions like master classes, psycho-oncology workshops, etc., are planned during the five days of ICC 2017.

If you are a part of cancer research or involved in cancer treatment you should participate in this congress.

Come join us to take Cancer Care to a new high in our country.
